

School Night for Scouting Parent Packet

Things to consider:

- Your calendar for the year
- Helpful websites and links
- If you are chartered through a church, you might want to add information about the religious medals
- If your Pack has a Facebook page, Yahoo Group or Google Group
- Information regarding Popcorn sales

Things I would include:

- Pack Information Sheet
- Quick Guide to Badge and Insignia Placement
- Uniform Price List
- The Bobcat Trail
- Overview of Cub Scouting
- Boys' Life magazine
- A Boy's Eyes
- A Youth Application
- Some plain paper for note taking

A successful School Night for Scouting can turn your Pack around. Remember to "Be Prepared" and bring back-up. Do a display so they can see what the Pack does. Work with your troop to see if they will come out and take of the boys so you can speak to the adults. The more information you can give them, the easier the night will go. Get your Pack Trainer or a member of the District Training Team there to guide the new leaders about what to expect and Youth Protection.

Remember... You Are Not Alone!!!

At the district level we have the Membership Committee, the Training Committee and the Unit Commissioners that will support your Pack and your School Night.
